

Chuzhditsa: a phonological citation register for Cyrillic

Anastas Stoyanovsky

Unaffiliated (independent researcher)

`anastas@stoyanovs.ky`

Suggested running head (under 55 characters):

Chuzhditsa: a citation register for Cyrillic

Word count: approx. 6,700 words (body text, excluding references and the generated audit appendix).

Corresponding author: Anastas Stoyanovsky, `anastas@stoyanovs.ky`.

Note on materials: the fonts, build toolchain, and the machine-readable twenty-language audit are publicly archived; the repository reference is withheld from the anonymized manuscript and can be supplied to the editors on request. A preprint is posted on LingBuzz (010134), as permitted by the publisher's pre-print policy.
